

Visit With Family

General Visitor Information

- Check the Garden website calendar for any special programs or exhibitions.
- If a family member needs a wheelchair, several are available from the admissions area on a first-come-first-served basis. Just ask an admissions associate for assistance.
- The **Garden Gift Shop** located at the admissions area is full of unique and beautiful items.
- For answers to any plant questions, stop in at the **Sheffield Botanical Library**, which houses a large reference collection specifically geared toward Southern gardens.
- For older kids, print and bring along a Garden Scavenger Hunt or Critter Crawl.

Must-See Outdoor Gardens

- Walk through the treetops on the 600 ft long **Kendeda Canopy Walk** and get an aerial view of **Storza Woods**, one the few remaining mature hardwood forests in the City of Atlanta. On your journey back, relax in a tranquil **Cascades Garden** that bursts with brilliant flowers and flowing water features.
- Discover seasonal edibles growing in the **Edible Garden**. Formerly a parking lot, the Edible Garden demonstrates that fruits and vegetables make beautiful landscape plants.
- Stop and smell the roses in the colorful **Rose Garden**. Planted alongside companion perennials, these stunning roses are easy-care, old-fashioned or landscape varieties.
- For families with kids, visit the playful **Children's Garden** where children can run through the **Butterfly Maze**, look for bullfrogs and tadpoles, slide down the slide at the **Treehouse** and more. If it's a warm day, be sure to bring swimsuits, swim diapers and towels for a splash in **Sunflower Fountain**.

Fuqua Conservatory and Orchid Center

- Listen for the sounds of wildlife in the **Fuqua Conservatory**. Poison frogs, quail and geckos abound and lend their voices to a uniquely tropical experience.
- Walk through the **Orangerie** in the Fuqua Conservatory and discover some of the many ways humans use plants from dyes to beverages to medicines.
- The **Fuqua Orchid Center** features the largest public display of orchids under glass in the U.S. These striking orchids with their diverse shapes and smells are beautiful year round.
- Experience a diversity of tropical habitats in the **Tropical High Elevation House**. This room uses special technology to replicate a cool tropical mountaintop and displays the striking Nepenthes pitcher plant, a carnivorous plant from southeast Asia.
