

Garden Photoshoot

Strike a pose with the items below while you explore the Garden!

Remember: stay on the path for all your pictures and please leave the plants to grow.

Take a **group photo** of everyone having a **cup of tea** together with Alice.

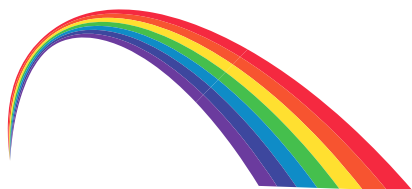

Find a **frog** in a pond and blow it a kiss.

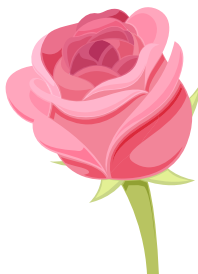

Use fallen nature materials to **spell a word** on the ground. Return the nature objects where you found them after taking your photo. (No picking please.)

Take a picture with all the **colors of the rainbow** in one frame.

Find some **roses** and talk to them like Alice in Wonderland. What is something you are excited about this summer?

Take a picture with the Cheshire Cat. **Smile really big** like he does!

Find a **heart-shaped leaf**. Take a picture with your hands next to it making a heart shape.

Take a “**jump photo**” of everyone mid-air at your favorite spot in the Garden.

Stand next to a plant as tall as you, and **measure up to it**.

Have your parents share your pics online with **#atlantabg**. They might be featured on the Garden’s social media channels!
