INDEPENDENT AUDITORS' REPORT

**To The Board of Trustees of
The Atlanta Botanical Garden, Inc.**

We have audited the accompanying financial statements of The Atlanta Botanical Garden, Inc. (a not-for-profit organization) (the "Garden"), which comprise the statement of financial position as of December 31, 2020 and 2019, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Garden's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Garden's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Atlanta Botanical Garden, Inc. as of December 31, 2020 and 2019, and their changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Schedule of Non-Cash Investing and Financing Activities:

At December 31, 2020 and 2019, the Garden was financing certain property and equipment with accounts payable in the amounts of \$125,815 and \$2,000,000, respectively.

The accompanying notes are an integral part of these financial statements.

**THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

The Atlanta Botanical Garden, Inc. (the “Garden”) was formed to develop and maintain plant collections in the metropolitan Atlanta area and a satellite location for display, education, research, conservation and enjoyment. The Garden was incorporated under the laws of the state of Georgia on January 28, 1976. In 2002, 168 acres of land located in Gainesville, Georgia was donated to the Garden. In 2015, the Garden opened the Atlanta Botanical Gardens Gainesville (“ABGG”) satellite location.

The Garden conducts various lecture series and seminars on botanical topics and displays and conducts tours of its botanical gardens to carry out its mission. Admission and program service fees are received for certain of these activities.

Auxiliary services and exhibits maintained by the Garden include admissions, facility rentals and a gift shop. Additional sources of revenue include contributions and grants from agencies, foundations, corporations and individuals, membership dues from Garden members, functions, fund-raisers and building rental for parties and weddings.

Basis of Accounting

The Garden follows accounting standards set by the Financial Accounting Standards Board (“FASB”). The FASB sets accounting principles generally accepted in the United States of America (“GAAP”).

Financial Statement Presentation

The Garden prepares its financial statements in accordance with GAAP. Under GAAP, the Garden is required to report information regarding its financial position and activities according to two classes of net assets: net assets with donor restrictions, based on stipulations made by the donor, and net assets without donor restrictions.

To ensure observance of limitations and restrictions placed on the use of resources available to the Garden, the resources are classified for accounting and reporting purposes into categories established according to their nature and purpose.

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

The assets, liabilities and net assets of the Garden are reported in three self-balancing categories as follows:

- Net Assets without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Garden. The only limits on net assets without donor restrictions are those resulting from the nature of the Garden and its purposes.
- Net Assets with Donor Restrictions - Net assets whose use by the Garden is limited by donor-imposed restrictions that either expire by the passage of time or can be removed by the actions of the Garden. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that such resources be maintained in perpetuity. These types of net assets with donor restrictions maintained in perpetuity consist of certain endowment funds and land restricted for development.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments that are readily convertible into cash and have a maturity of ninety days or less when purchased. At times, cash and cash equivalent balances may exceed federally insured amounts. The Garden believes it mitigates any risks by depositing cash and investing in cash equivalents with major financial institutions.

Investments

Investments are carried at fair value. Investment income and gains and losses on investments are recorded as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law.

The investments primarily consist of mutual funds which are comprised of equity securities, bonds, and alternative funds. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the accompanying financial statements.

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

Approximately 3% and 4%, respectively, of the long-term investments held at fair value by the Garden at December 31, 2020 and 2019 are alternative investments including private equity funds, real estate investment funds and hedge funds. Some of these alternative investments are not liquid and the determination of the fair value of these investments is determined by the portfolio managers and management of the Garden. These estimates of fair value may differ significantly from the values that would have been used had a ready market existed for the investment.

Donated investments are recognized as contributions at their estimated fair values at the date of donation.

Property and Equipment

Property and equipment are stated at cost, if purchased, or fair value at the date of gift, if donated. The Garden capitalizes items with a purchase price or fair value greater than \$3,000 and a useful life greater than one year. Depreciation is calculated using the straight-line method over the estimated useful lives of the individual assets. General grounds improvements, gardens and permanent plantings are depreciated over ten to fifteen years; buildings are depreciated over thirty years; and furniture and equipment are depreciated over three to twenty-five years.

Collections

The Garden's collections include living plants, books, prints and herbarium specimens. The Garden has not capitalized the collections; instead the cost of collection items is reported as a decrease in the appropriate class of net assets and insurance recoveries of lost or destroyed collection items are reported as an increase in the appropriate class of net assets in the accompanying statement of activities and changes in net assets. The Garden's collections are maintained for display, education, conservation and enjoyment rather than for financial gain. In the event of a collection sale, the proceeds would be used to acquire new collections or to care for existing collections. Collections are important assets of the Garden and are protected, kept unencumbered, cared for and preserved.

Donated Materials, Equipment, Services, and Other Assets

A substantial number of volunteer hours have been donated by individuals in the Garden's program services and, to a lesser extent, its fund-raising campaigns and administration. No amounts have been recorded in the accompanying statement of activities and changes in net assets for these donated services. Under GAAP, donations of services that create or enhance nonfinancial assets, or require specialized skills that would otherwise typically be purchased, are recorded as support and expense.

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Donated Materials, Equipment, Services, and Other Assets (Continued)

Donated materials, equipment and services, including contributions of services that can be measured by the creation or enhancement of a nonfinancial asset, are recognized as contributions at their estimated fair values at the date of donation. These amounts approximated \$124,000 and \$255,000 during 2020 and 2019, respectively.

Donated financial assets are recorded at fair value at the date of receipt. Fair value is based on quoted market prices or other objective valuation techniques. During 2020 and 2019, contributions of marketable securities of approximately \$86,000 and \$55,000, respectively, have been recorded in the accompanying statement of activities and changes in net assets.

Impairment

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. When indicators of impairment are present, the Garden evaluates the carrying amount of such assets in relation to the operating performance and future estimated undiscounted net cash flows expected to be generated by the assets or underlying businesses. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount which the carrying amount of the assets exceeds the fair value of assets. The assessment of the recoverability of assets will be impacted if estimated future operating cash flows are not achieved. In the opinion of management, no long-lived assets were impaired as of December 31, 2020 and 2019.

Revenue Recognition

Admissions - Admissions revenue is associated with tickets sold for entry to the Garden. Admissions revenue ticket price is based upon established levels for individuals and groups. The Garden primarily recognizes revenue for admissions at point of sale.

Food, beverage, and merchandise sales - Revenue related to food, beverage, and merchandise sales activities is primarily recognized at point of sale as the service has been provided in full by the Garden.

Membership Dues - Membership dues pertaining to all membership categories are recognized as revenue upon receipt for the portion of the dues that are considered a contribution to the Garden, while the portion of the dues that relates to the service the Garden will provide the member is recognized as revenue ratably over the term of the membership period, up to 24 months. Amounts not yet earned by the end of the fiscal year are reported as deferred membership dues. For the years ending December 31, 2020 and 2019, approximately \$4,157,000 and \$4,184,000, respectively, of membership dues were considered contributions to the Garden.

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition (Continued)

Contributions and grants - Contributions and grants (including unconditional promises to give, i.e., pledges) are recognized as revenue in the year they are received or pledged, with allowances provided by pledges estimated to be uncollectible. Unconditional pledges that are expected to be collected within one year are recorded at net realizable value. Unconditional pledges that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts on unconditional pledges is included in contributions in the accompanying statement of activities and changes in net assets. Conditional pledges, that is, those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met.

From time to time, the Garden is the beneficiary of certain beneficial interest trusts held and administered by others. The present value of the estimated future cash receipts from the trusts is recognized as an asset and contribution revenue in the appropriate class of net assets at the date such trusts are established. The carrying value of the assets is adjusted annually for changes in the estimates of future receipts. Investment income (loss) associated with such perpetual trusts is recognized when earned.

The Garden recognizes contributions and grants as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor-imposed restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and presented in the accompanying statement of activities and changes in net assets as net assets released from restrictions.

The Garden recognizes contributions of property and equipment as without donor restricted support unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-term assets with explicit restrictions that specify how the assets are to be used and contributions of cash and other assets that must be used to acquire long-term assets are recognized as with donor restricted support. In the absence of explicit donor stipulations about how long those long-term assets must be maintained, the Garden reports expirations of donor-imposed restrictions when the donated or acquired long-term assets are placed in service.

Paycheck Protection Program Grant - In April 2020, the Garden obtained a Small Business Administration loan under the Paycheck Protection Program (“PPP”) totaling \$1,852,300. The PPP loan bore interest at 1% and may have required repayment as outlined by the CARES Act and Payroll Protection Program Flexibility Act (“PPPFA”). During 2020, the Garden used all PPP proceeds to cover certain payroll expenses as outlined in the CARES Act and the PPPFA and was notified in December 2020 that its application for complete loan forgiveness was approved. Accordingly, the Garden has recognized all PPP proceeds as grant revenue within the statement of activities and changes in net assets.

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition (Continued)

Facility rental, venue income, and auxiliary services - These revenues are generated from the parking garage, venue rental, educational classes, special events, and other items. The revenue from these activities are recognized at a point in time once performance obligations are satisfied. Amounts not earned by the end of the fiscal year are reported as customer deposits.

Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited on the basis of square footage, payroll, or other relevant bases.

Income Tax Status

The Garden has been granted tax-exempt status under Section 501 (a)(3) of the Internal Revenue Code (the "Code") as an organization described in Section 501 (c)(3) whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to Federal income tax. The Garden had no significant unrelated business taxable income during 2020 and 2019; accordingly, no provision or benefit for income taxes has been included in the accompanying financial statements.

The Garden annually evaluates all federal and state income tax positions. This process includes an analysis of whether these income tax positions the Garden takes meet the definition of an uncertain tax position under the Income Taxes Topic of the Financial Accounting Standards Codification. The Garden believes it is no longer subject to tax examinations for tax years ending before December 31, 2017.

Major Donors and Vendors

At December 31, 2020, approximately 79% of pledges receivable related to four major donors. During 2020, approximately 59% of contributions were from one major donor.

At December 31, 2019, approximately 81% of pledges receivable related to three major donors. During 2019, approximately 65% of contributions were from two major donors.

Concentrations of Credit Risk

Financial instruments that potentially subject the Garden to concentrations of credit risk consist principally of cash and cash equivalents, investments and receivables. If liquidity issues arise in the global credit and capital markets, it is at least reasonably possible that changes in risks could materially affect the amounts reported in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Endowment Fund

GAAP requires the following financial statement disclosures for the Garden:

- Classification of net assets

Endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions and policies established by the Board of Trustees.

- Interpretation of Relevant Law

The Garden has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), as enacted in the state of Georgia, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

- Interpretation of Relevant Law (Continued)

As a result of this interpretation, the Garden classifies as net assets with donor restrictions (a) the original value of gifts donated to the donor-restricted endowment, (b) the original value of subsequent gifts to the donor-restricted endowment, and (c) accumulations to the donor-restricted endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund, if any, is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Garden in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Garden considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Garden and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Garden
- (7) The investment policies of the Garden

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Endowment Fund (Continued)

- Return Objectives and Risk Parameters

The Garden has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Garden must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the Garden, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

- Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Garden relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Garden targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

- Underwater Endowment Funds

The Garden considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. There were no underwater endowment funds at December 31, 2020 or 2019.

- Spending Policy

The Board of Trustees has approved a spending policy for the Garden whereby a certain percentage (generally not to exceed 4.5% of the three year rolling average of the fair value of investments) of investments may be expended. During the years ended December 31, 2020 and 2019, earnings from the endowment fund used in operations were \$1,529,456 and \$1,492,759, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Values Measured on Recurring Basis

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Total liabilities at fair value classified within Level 3 were (\$2,503,459) and (\$1,840,879) as of December 31, 2020 and 2019, respectively, which consists of investments in an interest rate swap with a financial institution.

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Values Measured on Recurring Basis (Continued)

- (b) This fund is comprised of diversified portfolios that invest in the securities and other interests of companies, structures or assets undergoing financial distress, operating difficulties or restructuring.
- (c) This fund seeks to provide investors with capital appreciation through the allocation of its assets among a divers one group of money managers that direct the investments in offshore funds with a ling/short equity strategy.
- (d) The fund, a fund-of-funds, was formed to make private equity investments in small-to-middle market, buyout-focused private equity funds. A fund-of-funds is a vehicle for private equity investing by which, instead of making direct investments in companies or in a single private equity partnership, the fund-of-funds makes investments among a number of private equity funds, whose managers in turn invest the capital directly.
- (e) This fund invests in portfolios of natural resource-related assets with the goal of delivering competitive, long-term returns and important diversification benefits.
- (f) These funds' investment strategy is to acquire portfolios of interests in private equity funds through secondary transactions.
- (g) This fund invests in private real estate funds in the United States of America, Europe, and Asia.

Quantitative Information and Fair Value Sensitivities Related to Level 3 Unobservable Inputs

Interest Rate Swaps – The interest rate swap dealers determine fair values for the interest rate swap liability by constructing mid-market forward curves with available market data from external and internal sources. Once constructed, the mid-market forward curves generate a nominal amount for each of a transaction's expected future payments. The interest rate swap dealers discount those expected future payments at the respective zero rate, and the sum of all discounted payments equals fair value of the interest rate swaps. The interest rate swap dealers do not account for nonperformance risk in their determination of the fair value. Management of the Garden finds this risk to be negligible.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Derivative Financial Instruments

The Garden accounts for derivative financial instruments in accordance with GAAP which requires that all derivative instruments be recorded on the statement of financial position at their respective fair values.

The Garden uses an interest rate swap agreement in the management of interest rate risk and carries this derivative instrument on the statement of financial position at fair value. The interest rate swap agreement effectively fixes the interest rate at 3.70% on \$30,000,000 of variable rate borrowings under the Garden’s financing arrangements. The initial fair value and subsequent changes in the fair value of the agreement are reported as a gain or loss in the accompanying statement of activities and changes in net assets.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 2 – INVESTMENTS

The components of the investment return, net for 2020 and 2019 included in the accompanying statement of activities and changes in net assets were as follows:

	<u>2020</u>	<u>2019</u>
Net realized and unrealized gains on investments, net of related fees	\$ 5,489,976	\$ 8,570,969
Dividend and interest income	<u>1,339,443</u>	<u>1,391,903</u>
	<u>\$ 6,829,419</u>	<u>\$ 9,962,872</u>

	<u>\$ 1,743,831</u>	<u>\$ 1,557,351</u>	<u>\$ 1,456,765</u>

NOTE 6 – FINANCING ARRANGEMENTS

Under a Trust Indenture, dated November 1, 2007, between The Atlanta Development Authority (Issuer) and a commercial bank (Trustee), Atlanta Development Authority Revenue Bonds (Atlanta Botanical Garden Improvements Project), Series 2007 Bonds totaling \$48,500,000 were issued on November 29, 2007. The issuer loaned the net proceeds of the sale of the Bonds to the Garden, pursuant to a Loan Agreement, dated November 1, 2007 between the Issuer and the Garden to enable the Garden to finance acquisition, construction and equipping of certain improvements to the facilities of the Garden. During the years ended December 31, 2010 and 2009, the Garden paid \$13,000,000 toward the principal of the Series 2007 Bonds. During 2010, the Garden converted the final \$35,500,000 of the Series 2007 bonds into a \$30,000,000 and \$5,500,000 term notes payable with a financial institution.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 6 – FINANCING ARRANGEMENTS (Continued)

Notes Payable

A summary of all outstanding notes payable at December 31, 2020 and 2019 is as follows:

Note A - \$30,000,000 term note payable in twelve annual installments, each November, commencing in November 2018, and bears interest at 67% of LIBOR plus 1.85% (an effective rate of 1.63% at December 31, 2020) and matures on November 1, 2029. Note A had an outstanding balance of \$23,125,000 and \$25,625,000 at December 31, 2020 and 2019, respectively.

Note B - \$5,500,000 term note payable in ten annual principal installments of \$550,000 plus interest, each December, commencing in December 2011 (the first payment being made in January 2012), bore interest at 67% of LIBOR plus 1.85% (an effective rate of 1.63% at December 31, 2020) and matured on November 1, 2029. Note B had an outstanding balance of \$550,000 at December 31, 2019 and was paid in full during 2020.

Note C - \$550,000 promissory note agreement with a financial institution executed on November 25, 2013 to finance the purchase of a warehouse. The note is collateralized by the warehouse, payable in monthly installments of principal and interest totaling \$1,833, bears interest at LIBOR plus 1.40% (an effective interest rate of 1.55% at December 31, 2020) and matures on November 25, 2023. Note C had an outstanding balance of \$396,000 and \$418,000 at December 31, 2020 and 2019, respectively.

Note D - \$856,276 promissory note agreement with a financial institution executed on February 14, 2018 to refinance and combine previous notes payable. Note D is collateralized by various property and requires monthly principal payments of \$5,946 plus accrued interest beginning on March 1, 2018 through the maturity date of February 14, 2021, at which time, a final payment of \$642,207 is due. Note D bears interest at LIBOR plus 1.35% (an effective interest rate of 1.50% at December 31, 2020). Note D had an outstanding balance of \$654,100 and \$725,456 at December 31, 2020 and 2019, respectively.

Principal maturities on the notes payable at December 31 are as follows:

2021	\$ 3,176,100
2022	2,522,000
2023	2,852,000
2024	2,500,000
2025	2,500,000
Thereafter	<u>10,625,000</u>
	24,175,100
Less: debt issuance costs, net of accumulated amortization	<u>(135,505)</u>
	<u>\$ 24,039,595</u>

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 6 – FINANCING ARRANGEMENTS (Continued)

Revolving Line of Credit

During 2015, the Garden entered into a \$5,000,000 revolving line of credit agreement with a financial institution to fund capital expenditures. The line bore interest at LIBOR plus 2% and was collateralized by certain endowment investments held by the Garden. The line of credit agreement terminated during 2019 and was not renewed.

Commercial Note

On January 9, 2020, the Garden entered into a commercial note agreement with a financial institution which allows for maximum borrowings of \$30,000,000 to finance the purchase of capital expenditures. The outstanding principal balance under the note will be paid on an annual basis beginning January 9, 2023 to ensure the outstanding principal balance will be equal to or less than \$20,000,000 as of January 9, 2023 and equal to or less than \$10,000,000 as of January 9, 2024. All outstanding borrowings are due in full on January 9, 2025, the maturity date. The note bears interest at LIBOR plus 1.00% (an effective rate of 1.15% at December 31, 2020) and accrued interest is payable on the first day of each quarter, beginning April 1, 2020. The note is secured by substantially all of the Garden's investments and certain pledges receivable. The outstanding principal balance was \$9,404,542 at December 31, 2020.

The Garden's financing arrangements are subject to certain financial and nonfinancial covenants under the various agreements. The Garden was in compliance with its covenants as of December 31, 2020.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 7 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions includes assets subject to certain spending and appropriation policies as well as certain investments and land to be held in perpetuity. The components of these net assets at December 31, 2020 and 2019 were as follows:

	<u>2020</u>	<u>2019</u>
Subject to expenditure for specified purpose:		
Capital projects	\$ 24,279	\$ -
General operations	<u>4,978,695</u>	<u>2,245,224</u>
	<u>5,002,974</u>	<u>2,245,224</u>
 Subject to spending policy and appropriation:		
Investments and pledges receivable in perpetuity, which once appropriated, are expendable to support:		
General operations	5,384,654	5,150,404
ABGG	5,050,292	5,050,292
Dorothy Chapman Fuqua Conservatory and Orchid Center	6,000,000	6,000,000
John Glenn memorial	200,000	200,000
Endowment pledge receivable, net	<u>3,727,333</u>	<u>2,821,873</u>
	<u>20,362,279</u>	<u>19,222,569</u>
 Endowments not held in perpetuity for purposes of supporting various Garden programs	 <u>498,327</u>	 <u>473,327</u>
 Land restricted in perpetuity:		
Gainesville land	<u>4,400,000</u>	<u>4,400,000</u>
	<u>\$ 30,263,580</u>	<u>\$ 26,341,120</u>

Reclassification

During 2020, it was determined that certain net assets required reclassification to properly reflect donor intent. Accordingly, the Board of the Garden approved the reclassification of these funds, reflected as reclassifications based on clarification of donor intent on the accompanying statement of activities and changes in net assets.

THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Leases

The Garden leases land from the City of Atlanta located in Piedmont Park at no cost through August 2067. The Garden and its operating facilities are located on the land. The Garden is required to pay utilities, maintenance and insurance and to adhere to various covenants under the lease agreement, including the requirement to develop and maintain its facilities for the benefit of the citizens of the City of Atlanta. In the event the lease is terminated, improvements made to the property by the Garden become the property of the City of Atlanta.

Under GAAP, an explicit and unconditional promise for the use of property for a specified period of time should be recognized upon receipt as a receivable and as restricted support at its fair value. However, in the opinion of management, the lease is not unconditional since the terms of the lease limit the Garden's use of the property and because the lease is subject to termination by the City of Atlanta and other governmental entities; accordingly, no receivable has been recorded for the use of the property subject to the lease. Additionally, in management's opinion, the fair rental value of the property during 2020 and 2019 was not significant; accordingly, no values have been assigned for contributed use of the property or rental expense.

Construction Contracts

The Garden has entered into construction contracts for the development of ABGG, as described in Note 1, and various other projects. The remaining commitments for these contracts totaled approximately \$3,432,000 and \$1,249,000 at December 31, 2020 and 2019, respectively.

COVID-19

The Garden has experienced a disruption of normal business operations caused from COVID-19 ("Coronavirus") during 2020 and subsequent to December 31, 2020. The overall financial impact cannot be determined through the date of this report; however, it is reasonably possible that changes in risks in the near term could occur which could result in a material change to the financial statements, as a number of the Garden's previously scheduled events in 2020 have been cancelled or postponed.

NOTE 9 – EMPLOYEE BENEFIT PLANS

The Garden offers its employees a deferred compensation plan qualified under Section 403(b) of the Internal Revenue Code ("IRC"). It permits substantially all eligible employees of the Garden to voluntarily contribute 100% of compensation, up to the maximum allowed under the IRC. The Garden's contributions are discretionary. During the years ended December 31, 2020 and 2019, the Garden made contributions of approximately \$241,000 and \$7,000, respectively.

The Garden also has a defined contribution plan in which the employees participate. This is a tax deferred annuity plan. The Garden does not make contributions to this plan.

**THE ATLANTA BOTANICAL GARDEN, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 10 – LIQUIDITY AND AVAILABILITY OF RESOURCES

The working capital and cash flows of the Garden have seasonal variations during the year attributable to a concentration of contributions received near calendar year-end. As part of the Garden's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Garden invests cash in excess of daily requirements in certain highly-liquid investment accounts.

The following reflects the Garden's financial assets as of December 31, 2020 and 2019, reduced by amounts not available for general use within one year due to contractual or donor-imposed restrictions or internal designations. Amounts not available include amounts set aside for operating and other reserves that could be drawn upon if the Board of Trustees approves such action.

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 10,707,736	\$ 5,848,678
Investments	60,071,978	51,903,142
Pledges receivable, net	<u>9,573,916</u>	<u>8,398,799</u>
Total Financial Assets	<u>80,353,630</u>	<u>66,150,619</u>
Less those unavailable for general expenditures within one year, due to:		
Unrestricted investments subject to spending policy and appropriation	(21,608,612)	(17,487,002)
Unspent donor-imposed restrictions	<u>(30,263,580)</u>	<u>(26,003,019)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 28,481,438</u>	<u>\$ 22,660,598</u>

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTAL INFORMATION

**To the Board of Trustees of
The Atlanta Botanical Garden, Inc.**

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole of The Atlanta Botanical Garden, Inc. (a not-for-profit organization) for the year ended December 31, 2020, which is presented in the preceding section of this report. The supplemental information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the financial statements as a whole.
